## SMUGGLE CHINESE IN COLD STORAGE

EL PASO, Texas, April 22.—In ordering the removal of four men arrested here on indictments from the federal court in Chicago charging conspiracy to smuggle Chinese, a most sensational case has just closed, so far as this locality is concerned. Testimony introduced by the government showed that there had been an organized band for smuggling Chinamen from El Paso to Chicago and other points east, and many ingenious methods were brought to light.

John Yanner and William Bies, cooks on Rock Island dining cars arrested in Chicago, were brought here to turn state's evidence, and both testified that they had been hired for many months to smuggle Chinamen by secreting them in ice boxes and clothes closets on their cars. In many instances, they testified, Chinamen had almost frozen to death in the refrigerators when they had no opportunity to switch them into the clothes closets.

The defense asked Yanner if he had not been suspected of the murder of a Chinaman found dead near Kansas City beside the railroad track, and he admitted that he had. The defense asked him point-blank if the Chinaman had not frozen to death in his refrigerator and been thrown off. Yanner denied this.

In the past year over 300 smuggled Chinamen have been captured in this city, many taken from Pullman and dining cars and many others removed from freight cars. In some instances ten or fifteen were found in one car. The report is still circulated here that ten Chinamen were sealed in barrels here for shipment to a Chinaman in Mott street, New York, and that the trainmen failed to give them food and water en route, and they arrived at their destination dead.

Some arrests of prominent men have been made recently. W. B. Greene, formerly of Jamestown, N. Y., and for several months immigration inspector at Montreal, has been indicted on a charge of conspiracy to smuggle Chinese while an employee of the immigration service. W. W. Pink, former chief of police of El Paso, is under indictment at Roswell and Las Cruces, N. Mex., on a similar charge. Mar Chew, the richest Chinaman in El Paso, is under a similar indictment at Las Cruces. H. D. Maynard, for years a conductor on the Santa Fe road, is also under indictment for the same offense. The men just removed from here to Chicago are Robert W. Stevenson, Bob Leung, Carlos Sevadra and Jose Parra.

Another man, a railroad conductor, is under arrest in Alamogordo, N. Mex., on indictments from Chicago.

## OAHU COLLEGE SINGING NIGHT

The concert given last Friday evening in Charles R. Bishop Hall, Oahu College, by the Punahou Preparatory School, was greatly enjoyed by an audience that filled the hall. A large proportion of those present were parents of pupils of the school, and all must have been highly pleased with the showing made. The concert was under the direction of Miss Alice Rogers with Miss Margaret E. Clarke and Miss Irene L. Fisher, accompanists. Under the leadership of Miss Rogers, the Punahou Preparatory class sang most creditably. The chorus is a large one, but there were no breaks, and the vocal music, the collective

### WHAT'S THE USE?

Some people mull around the house all day Sunday without thinking of the grandeur outside. They are the ones who do not know of the pleasures

of a trip to Haleiwa. They know nothing of the beauties of a ride over the Oahu Railway along the surf-beaten shores in the shadows of the hills that skirt the coast. The cost of the trip is so much less than the value of the satisfaction that it is not worth considering.

## EXPECT THE STRIKE WILL SPREAD

(Continued from Page One.)

row. Waianae, the next plantation to Ewa, will hardly suffer at all as most

of the laborers are Europeans and there are very few Japs employed.

The situation on the Honolulu plantation is a peculiar one in the history of plantation strikes. The Japanese were staying in their camps, some were doing work around their homes and the others were playing baseball or loafing around very quietly. But one case of drunkenness was noticed. The leaders stated that there had been orders issued that no trouble would be tolerated. The mill was shut down and no work was being done to amount to anything. A gang of Porto Ricans was at work at the mill loading sugar on cars for shipment to Honolulu for the next cargo of the Hilonian and other Portuguese and Porto Ricans were doing irrigating work in the Puuhia section. A few Chinese in one of the outside camps were also irrigating.

The only semblance of trouble was this morning when about two hundred Chinese were stopped from work by the agitators. They found the Chinese already in the fields at work and told them that unless they stopped there would be trouble, which had the effect of bringing work to a standstill at once. The Chinese on the Honolulu plantation are mainly cutting or raising cane on contract and are well satisfied with the treatment which they receive. The same may be said of the Porto Ricans and Portuguese.

The statement, purporting to come from Makino, to the effect that the Japanese in the mills would demand \$2.50 per day seems to be a ridiculous one. At that rate of pay it would mean that it would be but a very short time before the Japanese would be cleaned out of the mills entirely, for white men could be obtained at such wages, without trouble. It should be remembered that the wages paid also include the free rent of a plantation house and free water and wood, which bring the pay up to a very fair figure.

On the Honolulu plantation at present there are about one hundred and forty cars loaded with cane waiting to be ground and about the same amount of cane has been cut and is in the fields waiting to be loaded on the cars. In addition to this there is a considerable quantity of refined juice awaiting boiling.

The start on this last will probably be made tomorrow morning. Manager Ross stated that with the Chinese and Porto Ricans whom he had this work could be done without trouble and that it was necessary to get it out of the way as otherwise it would spoil. The cane which has already been cut will have to be cared for within four or five days, or its quality will begin to deteriorate.

When asked what steps would be taken toward a settlement of the difficulty Mr. Ross stated that as yet there was nothing to be settled. The laborers had made no demand for higher wages and had not addressed him in any way. He stated that if the men persisted in their refusal to work he supposed that it would be necessary to ask them to leave the plantation, for they did not want them hanging around when there was no work being done. No such requests have yet been made however, and nothing of this kind is contemplated for the next day or two at least.

The men on the Oahu plantation were all at work today, but it was learned that a meeting of their leaders would be held this afternoon and evening and that it was considered almost certain that they would strike either tonight or tomorrow. Ewa is expected to become involved in the difficulty about twenty-four hours after the Waipahu strike is started.

In speaking of the strike this morning Makino made the following statement to Sheriff Jarrett: "We are going to have a very peace-

ful strike, and there will be no need for the police to take a hand. The men have been instructed to keep very quiet and not to cause trouble of any kind. If the planters try their high-handed methods then—" and he nodded his head significantly as he walked away.

Sheriff Jarrett drove down to Aiea this morning to look over the situation personally and had short talks with W. M. Giffard and Manager Ross. He was not asked for any assistance by the plantation at the present time and was given to understand that he would not be asked, unless violence was started or attempts were made to stop the men now at work from continuing. He found everything quiet and the same condition was reported by Deputy Sheriff Jack Fernandez, who was at Waipahu.

The situation will be watched very carefully by the Sheriff and in case trouble starts he will be ready to send men down at once. For the present the three officers at Aiea are considered enough to handle the situation and there is no anticipation whatever of difficulties if trouble should occur. Sufficient men will be placed at the important points to protect property and keep full control of any attempts at violence.

An order by Judge Doie was read by Marshal Hendry this morning, further adjourning the United States District Court to May 18.

## QUEEN OF ACTRESSES PRAISES PE-RU-NA.

MISS JULIA MARLOWE.  
"I am glad to write my endorsement of the great remedy, Peruna. I do so most heartily."—Julia Marlowe.

Any remedy that benefits digestion strengthens the nerves. The nerve centers require nutrition. If the digestion is impaired, the nerve centers become anemic, and nervous debility is the result.

Peruna is not a nerve nor a stimulant. It benefits the nerves by benefiting digestion.

Peruna frees the stomach of catarrhal congestions and normal digestion is the result.

In other words, Peruna goes to the bottom of the whole difficulty, when the disagreeable symptoms disappear. Mrs. J. C. Jamison, Wallace, Cal., writes:

"I was troubled with my stomach for six years. Was treated by three doctors. They said that I had nervous dyspepsia. I was put on a liquid diet for three months.

"I improved under the treatment, but as soon as I stopped taking the medicine, I got bad again.

"I saw a testimonial of a man whose case was similar to mine being cured by Peruna, so I thought I would give it a trial.

"I procured a bottle at once and commenced taking it. I have taken several bottles and am entirely cured."
